Assignment Plus +

ONLINE COURSEWORK MANAGER

Assignment plus is a website developed mainly to assist lecturers to publish and grade assignments, quizzes and allow students to directly attend them through the website. Apart from that the website also helps teachers to efficiently analyze grades such as using charts, and to auto-grade the answers and manipulate relevant data without the need of an examiner.

About

FOR
TEACHERS

1

**RELEASE
ASSIGNMENTS**

Enables the lecturers to easily publish various assignments for different courses effortlessly.

FOR
STUDENTS

2

**ENABLE TO
SUBMIT
ANSWERS**

Students can submit assignment answers and easily attend quizzes which will be auto graded.

FOR
TEACHERS

3

**GENERATE
REPORTS**

Provide a marks distribution of the students' grade which will help to analyze the overall performance of students.

Technologies Used

Front End

- HTML (Hyper Text Markup Language)
- CSS (Cascading Style Sheets)

Back End

- PHP (Hypertext Preprocessor)
- MySQL
- JavaScript
- jQuery
