Assignment Plus +

ONLINE COURSEWORK MANAGER

Assignment plus is a website developed mainly to assist lecturers to publish and grade assignments, quizzes and allow students to directly attend them through the website. Apart from that the website also helps teachers to efficiently analyze grades such as using charts, and to autograde the answers and manipulate relevant data without the need of an examiner.

RELEASE ASSIGNMENTS

Enables the lecturers to easily publish various assignments for different courses effortlessly.

FOR STUDENTS

ENABLE TO SUBMIT ANSWERS

Students can submit assignment answers and easily attend quizzes which will be auto graded.

GENERATE REPORTS

Provide a marks distribution of the students' grade which will help to analyze the overall performance of students.

Front End

Back End

- HTML (Hyper Text Markup Language) -
- CSS (Cascading Style Sheets)

- PHP (Hypertext Preprocessor)
- MySQL
- JavaScript
- iQuery

Here students can take the assignments or quizzes assigned by the teacher. The results will be calculated by the system

Students can view the history of solved tests along with the scores and other details.

The website also provides the rank of the student with respect to the other students who undertook the test along with their respective scores.
